Dear Dr Pat,

I was sorry to learn of the difficulties you have faced in attempts to bring certain facts to public attention. It is certainly wrong to bring such pressure to bear to prevent doctors from telling what they have seen. However, it would seem that the whole matter was (considering the helpful brief you sent) looked at impartially and fairly by Judge Harris, and I deduce that what you are asking me to do is to note all the details and particularly the allegations made about your health. Of course it is wrong that those who make public certain unswerving facts should face attempts to smear their reputation for sanity.

I will keep your details on file. I have the unhappy feeling that your allegations about elderly persons being 'helped to die' are quite correct.

Yours sincerely,

Knight of Collingtree
